EVALUATION CRITERIA

Program Description and Operations (1 - 40 Points)

- To what extent does the applicant have a successful history of designing and delivering high quality, comprehensive programming for the target population?
- Are program design, services, and operations appropriate to address the unique needs of the target population?
- Are program expectations and opportunities for leadership in program operations appropriate to the target population?
- Does the applicant have operational systems (assessment, case management, staffing, and services for youth with disabilities or limited English Proficiency) in place to effectively deliver the program described?

Program Components (1 - 30 Points)

Academic Opportunities

- Are the curriculum tools and resources sufficient to ensure academic achievement?
- Has the applicant developed a plan to deliver academic assistance to raise the skill level of youth who are basic skill deficient?

Career Development and Employment Opportunities

- Has the applicant developed significant career development activities to all youth enrolled in the program?

Outcome and Evaluation - (1 - 25 Points)

- How and to what extent does the proposed program ensure it will meet the outcome requirements of the RFQ? Does the proposed plan include benchmarks, methods and tools that will guarantee achievement of the selected outcomes?

- Is there a plan or process in place to ensure ongoing as well as a final program evaluation?

Budget - (1 - 30 Points)

- Is there evidence in the proposal of leveraging of resources and in-kind contributions, which will assist in meeting proposal outcomes?
- Does the cost per individual constitute the most effective use of our resources?
- Does the projected budget effectively support the proposed program? Was a current audit included?
